The file containing the drafts have been handed over to me during my stay at Bangalore during Dasara. The drafts have to be arranged in order, corrected and compared with the respective drawings. The draft made by me covers 300 pages and the work of compiling these would take at least 10 days.

I want also one steno-typist to get the matter re-typed in proper order. The Chairman T.B. may therefore be requested to spare the services of one steno-typist for one month so that I might attend to this and send it in a complete form by end of Nov. or 15th Dec.

Sir,

Re:- Preparing a resume of works carried out by the  
Trust Board for the past 40 years

I have the honour to state that the above Resume of Works carried out in the City Improvement Trust Board, Mysore, during the last 40 years, called for by the Government, was recently compiled by Mr B K Manickam, Assistant Engineer who was then the Trust Board Engineer. But the final copy thereof has not been given by him. The above Officer was subsequently reverted to the Public Works Department. The Chief Engineer was therefore requested in this office No E T 297/44-45 dated 7th July 1945 to kindly deputise the Assistant Engineer to this office for some time to complete the same. He has replied in his No 1204 dated 3rd August 1945 that the Assistant Engineer is now appointed as Assistant Secretary to Public Works Department, and that the matter may be referred to you. I therefore request you to kindly arrange to send him for about 10 days to complete the work and hand over the Report in a final form for submission to Government.

637/pw

It is not possible to spare Mr Manickam for a such a long period as 10 days. The connected papers may be sent to him here & he may attend to them & send back the report. Otherwise, if possible the present T.B. Engineer may do the work, if suitable.
